/X Ln 8A1 Appropriation level adjustments are allocated on a ratio basis to some fund sources and budget categories. These adjustments contribute to abnormalities in various General Ledger accounts rather than a consolidated appropriation.

/03 Ln 8A1 Abnormal balance is caused by unmatched disbursements intransit between disbursing and accountable stations. When posted and reported by the accountable station, adjustments created will correct this condition.

/X Ln 8A2 001 Abnormal balance is caused by unmatched disbursements intransit between disbursing and accountable stations.
When posted and reported by the accountable station, adjustments created will correct this condition.
00/04 Ln 8A2 003 Appropriation level adjustments are allocated on a ratio basis to some fund sources and budget categories.
These adjustments contribute to abnormalities in various General Ledger accounts rather than a consolidated appropriation.

98/02 Ln 8A2 001 Appropriation level adjustments are allocated on a ratio basis to some fund sources and budget categories. These adjustments contribute to abnormalities in various General Ledger accounts rather than a consolidated appropriation.

96/00 Ln 8A2 003 Abnormal balance is due to a timing difference in accrual data not being adjusted from undelivered orders to account payable.

/03 Ln 3A2 Abnormal balance is due to over collections of reimbursable orders.
/03 Ln 8A1 Abnormal balance is caused by unmatched disbursements intransit between disbursing and accountable stations.
When posted and reported by the accountable station, adjustments created will correct this condition.
